

A Season of Growth

For the 650 young women on campus today, the Lasell years are their growing season. More than a matter of inches, growth comes through discovery, discipline and self development, the learning process. As a women's institution, Lasell offers students a subtle advantage to explore and realize their potential.

The Annual Fund will help the College to meet students' needs. For 1978-79 we have a Fund goal of \$75,000. This challenge requires the assistance of every alumna and friend who cares about the College. If you never gave before, please give now to ensure that Lasell women will continue to receive the best possible education. Your gift is an investment in growth for the future. Please help now.

Reunion Committee members planning your 1979 Reunion. Among those present (l to r.) Laura Bernard, Director of External Affairs, Kathy REBMANN Royka '64, Class Chairman, and Ruth TURNER Crosby '42, Reunion Co-Chairman.

The will to win! River Day, October 21 crew race included students as well as faculty and administration. The winning crew was Woodland. A mini-marathon was added this year.

Sixteen Classes to Celebrate Reunion in May 1979

Reunion brings back memories. It is a special time to renew friendships, catch up with the news and discover Lasell today. Classes reuniting on Saturday, May 12 will be '04, '09, '14, '19, '24, '29, '34, '39, '44, '49, '54, '59, '64, '69, '74 and '78. Families and friends are welcome. Rooms on campus are available for alumnae and husbands for a service charge of \$5. 50th Reunioners and older reuniting classes will be guests of the College and are invited to dine with President and Mrs. Griffin. 25th Reunioners will attend a supper. Major Maintenance Improvements

Most colleges, including Lasell, in the last decade's financial crunch, deferred physical plant maintenance. Though sometimes necessary, this only delayed attention to the problem. Lasell has decided to improve our plant facility and the campus today reflects this decision. Such work as building, painting, roof repairs, heating plant and insulation installation, storm windows and residence modification to meet code requirements, have been accomplished. Approximately \$350,000 has been allocated for these projects.

We must protect the basic investment of the College, as well as preserve our attractive campus for present and future generations of students.

Physical Therapy Assisting, Accounting Programs Announced

In September 1979 programs in Physical Therapy Assisting and Accounting will be offered at Lasell.

The Physical Therapy Assisting major includes both college based courses and clinical experience. Graduates will work with registered physical therapists to rehabilitate patients.

The Accounting major will include accounting and business courses, as well as liberal arts, to prepare students as para-professional accountants. It will also serve as a foundation for students wishing a BA in accounting.

Freshman Parents Weekend, October 21—President Arthur M. Griffin with a freshman and her parents.
